

# TOP FACIAL CLEANSERS

Your daily cleanser can make or break your skin. While a good one can gently rid your face of dirt and bacteria leaving it feeling re-freshed, a bad one can clog your pores more or strip your skin of its natural oils. For a guaranteed good cleanse, we recommend one of these top picks from local retailers.

## Facial Cleansing Gel by Acure

This cleansing gel is a 2 in 1, washing away dirt and oil as well as removing makeup to leave your skin radiant and refreshed. With its antioxidant-dense cleaning complex including superfruit + cholorella growth factor, it is perfect for combo to oily skin.
